The patent office on November 30, 2004 mailed a supplemental notice of allowability. The supplemental notice makes of record the examiner's consideration of the information disclosure statements filed October 18 and October 15 of 2004. Applicant concurs that these references should be made of record. Applicant already paid the issue fee on October 14, 2004. No further action is required. Letters 10 should now issue on the application. We argued against the descriptiveness of your mark. I enclose a copy of the response as filed.

Respectfully submitted,
